

MOLCURE Inc.

MOLCURE provides next-generation drug-discovery by combining AI and biotechnology. Our technology can discover molecular compounds that outperform those found by ordinary approaches. This allows pharmaceutical companies to shorten the discovery process, and reduce R&D cost.

MOLCURE has been awarded prestigious grants, such as NEDO's "Core technology development of next-generation AI and robot".

人工知能 (AI) 提供モデル

- ・ 製薬企業、研究機関の実験サンプルを測定分析、データ抽出を行い、カスタマイズしたAIを提供する。
- ・ 弊社および弊社のAIが発明した医薬品候補を製薬会社にライセンスする。

AIRBIC, Room A07, Food, Medicine and Bio-Products
